

Dear Parent/Carer,

To support your child in preparing for their GCSE Science exams, I would like to invite them to attend weekly revision sessions held after school in the science department.

All students will sit six exams in science (two biology exams, two chemistry exams and two physics exams). It is therefore very important that all Year 11 students are continuously revising the content they have covered in Year 9 and Year 10 in preparation for the exams in May 2018.

The revision sessions will be held afterschool every **Wednesday from 3:15 – 4:15 pm** and will begin on **Wednesday 20th September 2017**.

Please contact me or your child's science teacher if you would like any further information on revision strategies that could be used at home.

Yours sincerely,

Megan Roberts

Curriculum Leader for Science

Year 11 Revision – Science

Name of student:

Please tick to indicate your response:

- I would like my child to attend the revision sessions each Wednesday
- My child will not be attending the revision sessions provided
