

Reach for the Stars Reading Incentive

31st October 2017

Dear Parents/Carers

At Tudor Grange we are extremely passionate about reading. We feel every pupil deserves to be inspired and motivated so we have embedded a range of personalised school strategies to promote a love for reading. Our first being a new incentive scheme to encourage your child to learn the first 100 words on sight (not sounding out.)

Your child will receive a rocket sheet with the words on that they need to learn. There will be 15 rocket sheets in total. When you feel your child has instant recognition of all the words on the rocket, tick the words that they know and keep it in their book bag. We will also tick off which words they know on their reading day. When your child confidently knows the words on the rocket they will receive a certificate as well as a special sticker and they will be able to showcase their achievements in a Friday assembly. After the 3rd, 6th, 9th, 12th and 15th rocket sheet they will receive a small gift, and the next rocket to learn.

If you have any queries about this reading incentive or can think of any other ways to help with your child's reading at home please feel free to speak to a member of the Foundation Stage team.

Thank you for your co-operation

Miss Warren
