

# A guide for parents and students about how to access work whilst the school is temporarily closed

Inside this document is everything you need to know on how to receive, complete and submit work to your teachers.

There is also a guide of how to access your school drive.

We all have a responsibility to try to carry on as normally as possible. Teachers will be setting and reading your work daily. Please take the time to read and understand how this will work.

Resources**

**Access to files on the  
school network**

# School Closure Plans

You will be expected to follow your usual timetable

- Your teachers will send out enough work for you to complete during the week. For every lesson on your timetable, 60 minutes of work will be set.
- There will be regular quizzes and activities for you to submit.
- When you have completed your work, ensure that you send it back to your teacher to check and make comments on.

# School Closure Plans

## How can you support your family?

If the school is closed you may be at home for some time.

- Complete your school work without causing unnecessary fuss.
  - Keep to a regular schedule.
  - Be proactive and as helpful as you can around the house.
- Show empathy to those around you – think about the pressures they are under.

A banner with a light background and a large, faint leaf graphic. It features the school logo (a green leaf) and the Tudor Grange Samworth Academy crest (a shield with a cross and a book). The text reads: 'Home Learning Resources for during the Coronavirus School Closure'. Below the text is a 'Read More &gt;' link. The entire banner is enclosed in a thick red border.

Check SMH at least once a day in the morning.

- You can send comments to staff.
- Your teachers may not respond personally but they will take account of your comments when setting new work and sharing hints & next steps.

Make sure you

- Click student
- Enter the school name
- Put your usual school username that you would use to log on to the school computer
- Then your password

**Perhaps try to stay logged in so you don't have to do this every day.**
