

## Year 1: Claude Monet

### Knowledge:

Monet was a French landscape painter.

Monet used a style called impressionism, which tries to show movement using colour and light.

Monet liked to paint nature at different times in the day.

### Key Questions:

Can you look at a landscape and draw it?

Can you use lots of different tones to show light?

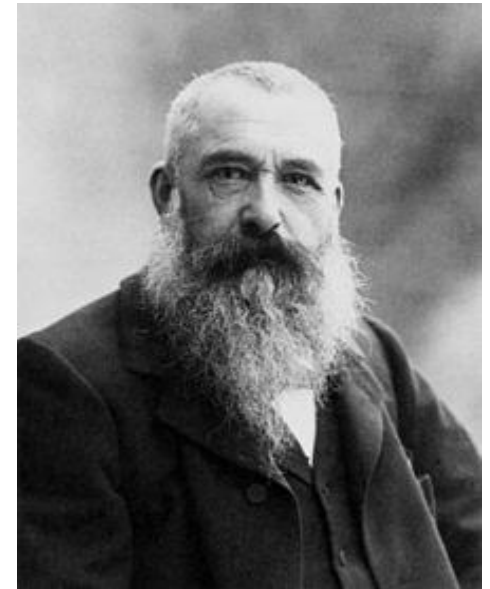

Can you use different types of pencils for different things?

### Techniques and Materials:

Monet used a lot of oil paints in his work but also did many drawings.

Monet watched nature and drew what he saw, using darker lines to show where the light was.

He used a sharper pencil for thin lines and a blunt pencil for thick ones.

### Key vocabulary:

**Landscape** – A picture of a natural place.

**Impressionism** – A type of art that shows a moment in time.

**Sketch** – A rough drawing.

**Tone** – How light or dark a colour is.
