

Year 11 Dance Learning Map

- TERM 1 -

Component 2: Developing Skills and Techniques within Performing Arts

You will develop knowledge and attributes required to be a successful dancer. You will develop physical and interpretive knowledge and review your progress in the form of written logs. You will learn about a range of dance techniques and study 2 dance styles in workshop based lessons. You will rehearse and perform extracts of dance in both styles. You will then study the work of professional choreographers before selecting a piece of repertoire to learn and perform for your assessment. You will write a review of your performance and the development of your dance skills

LINKS TO PRIOR LEARNING

This links to the knowledge gained in component 2 that you started last term, where you applied knowledge of a dance and performer within practical workshops. Links can also be made to the physical and interpretive dance knowledge you have gained in KS3 and KS4.

- TERM 2 -

Component 3: Responding to a Brief

For this component you are set a task by the exam board. You will work to create a piece of dance based on the given stimulus and be asked to document two written ideas logs of research and development of ideas. You will be expected to rehearse and perform your work and write an evaluation report after the performance exam has taken place.

LINKS TO PRIOR LEARNING

This builds on knowledge you have gained in the course so far, knowledge of the roles and responsibilities of a dancer and knowledge application of dance techniques will be drawn upon in this unit.

- TERM 3 -

Component 3: Responding to a Brief

For this component you are set a task by the exam board. You will work to create a piece of dance based on the given stimulus and be asked to document two written ideas logs of research and development of ideas. You will be expected to rehearse and perform your work and write an evaluation report after the performance exam has taken place.

LINKS TO PRIOR LEARNING
