

Pathways learners' survey

Dear parents and carers

Tudor Grange Samworth Academy is working with Pathways (a partnership comprising University of Leicester, De Montfort University, Loughborough University, Loughborough College and Leicester College) to provide information and advice to our students about educational and careers options. Pathways staff will be working in school with students, and they also offer additional activities during school holidays. More information about Pathways can be found on their website: <https://www.pathwaystohe.ac.uk/>

Pathways have developed a survey for students in years 7 – 13 to help us understand the impact of our work with them throughout 2022-2023 academic year. Please encourage your child (or children) who are in these school years to complete the survey. It will take 10-15 minutes to complete. A QR code is below, and the direct link is here: <https://loughborough-pathways.onlinesurveys.ac.uk/learner-survey-2022-23>

All the information provided will be kept confidential and stored securely by Pathways in accordance with GDPR. Pathways will provide us with an anonymised report summarising the findings, so your child (or children) will not be identifiable in that report. Pathways' privacy statement is available here: <https://www.pathwaystohe.ac.uk/privacy/>.

Please ask your child (or children) in years 7-13 to look out for an email asking them to complete this survey, and encourage them to complete it. The findings will be used to tailor the work that Pathways does with our students, which will help your child (or children) to make the educational and career choices that are right for them. The survey will be repeated at a later time to give us an idea of what's changed and to help us to identify and fill any gaps.

If you have any questions about this survey, please reach out to our Senior Engagement Officer, Rosie Girling: r.girling@lboro.ac.uk

Yours Sincerely,

The Pathways Team
