4 TOP TIPS

Do something that interests you!

If you want to pursue a career in animal care, for example, try to get work experience at a vets or farm. Many employers want to be approached so don't be afraid to contact your local businesses to see if they have opportunities available.

Do your research!

Make sure you know who you are reporting to, what the company does, its aims and values, and who its customers are.

Note down new skills!

This will help when writing CVs and UCAS personal statements. It'll be useful to demonstrate to universities and potential employers in the future how well you can manage your time, communicate, and work with others.

Ask questions!

Don't be afraid to ask relevant questions as it can often show you are interested in the company and keen to learn more.

THE REALITY

It isn't all glitz and glamour. There are limitations to what employers are allowed to let you do.

If you don't enjoy it, there is still a lot of value in the process and what you will learn.

You will have the chance to see a real working environment and a good foundation to start building our future.

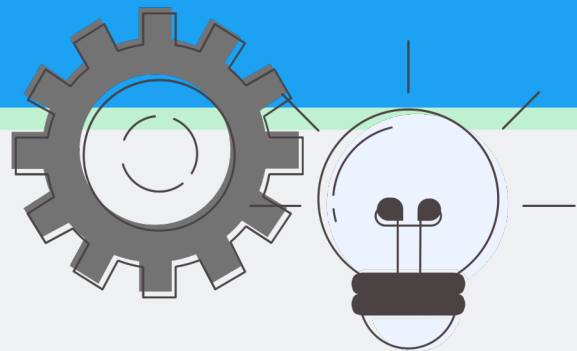

SELF-PLACEMENTS

THE CHOICE IS

1 YOURS!

Think about your choices and potential businesses that interest you.

2

Approach these potential employers by email, phone or visiting them (where permitted).

3

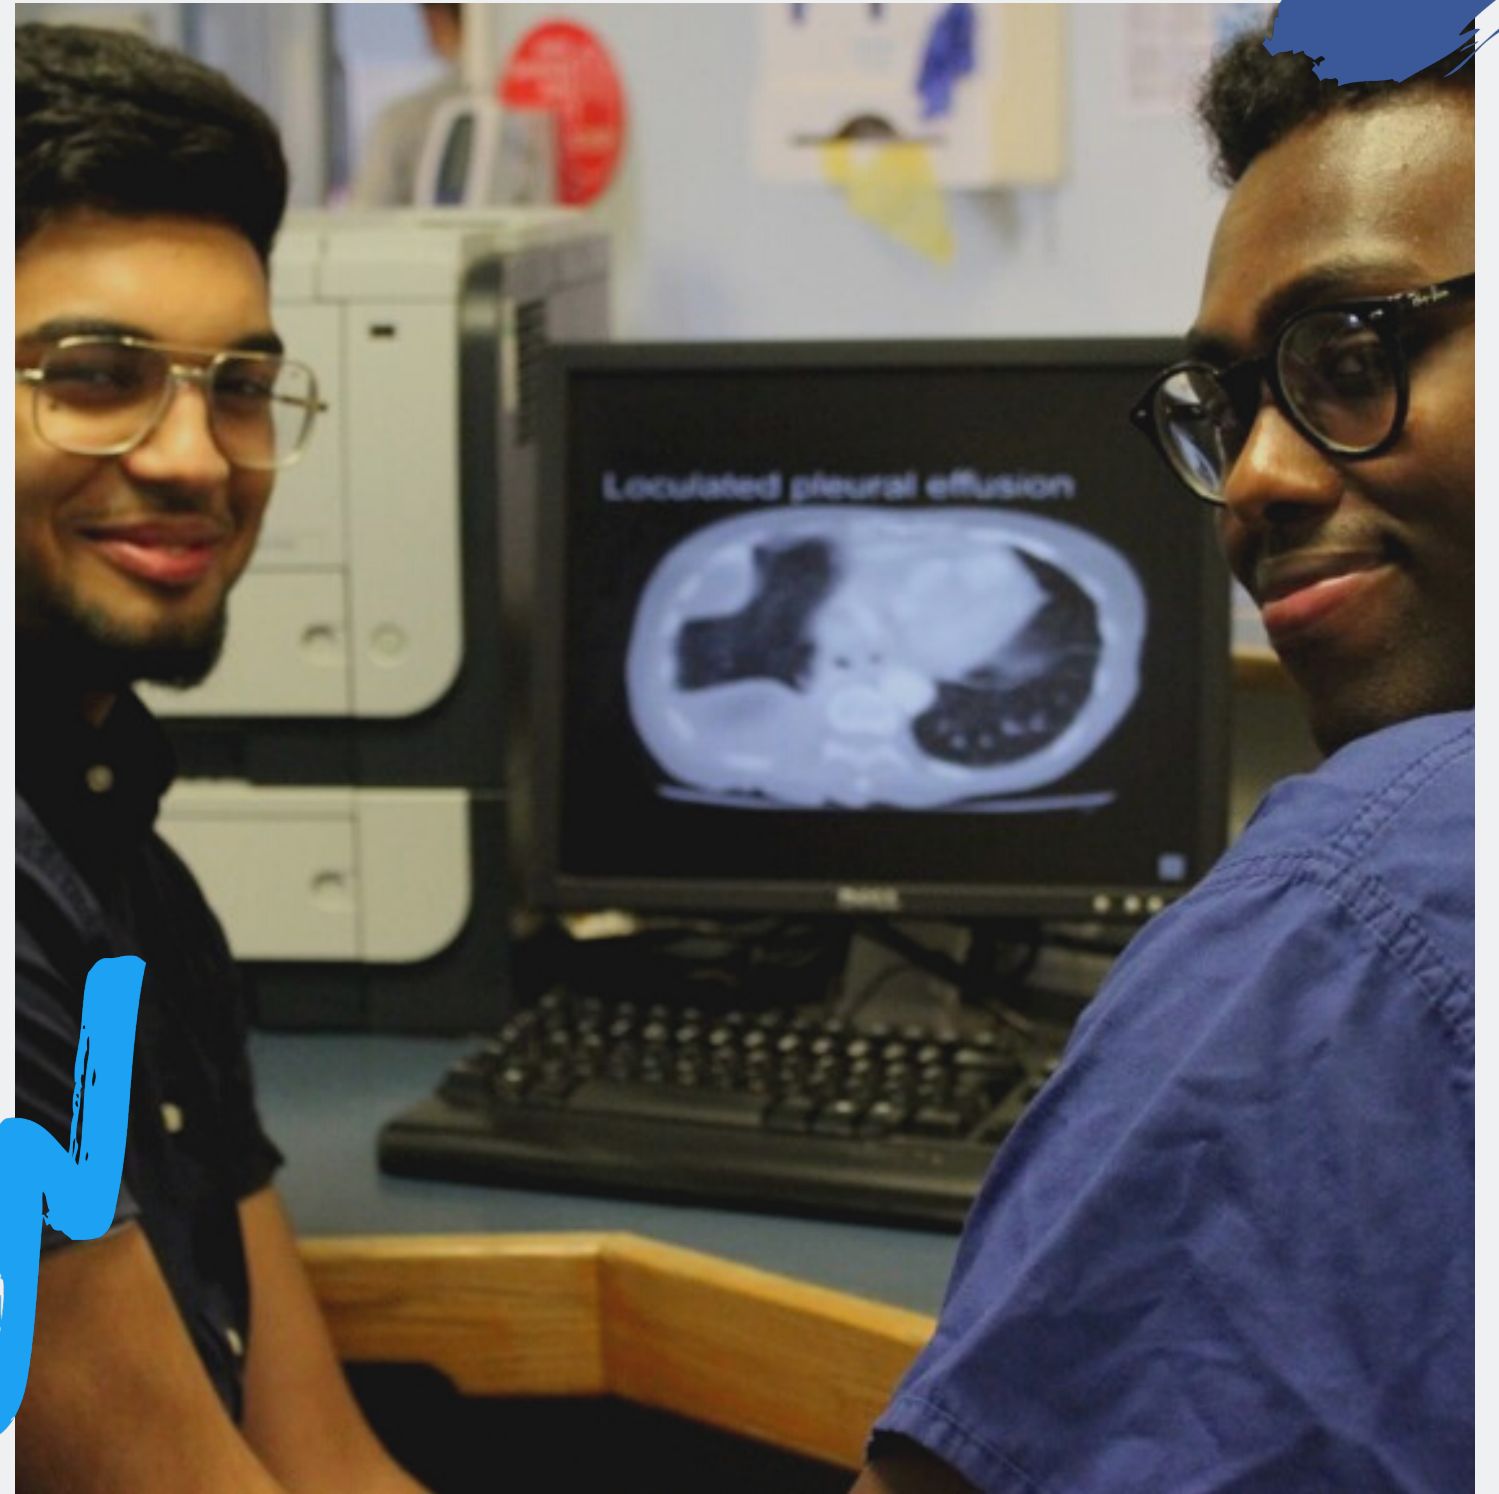

Get your self-placement form filled in and signed by your chosen employer!

AVAILABLE PLACEMENTS

A FANTASTIC OPPORTUNITY

On some occasions there will be a choice of placements to choose from if your sector choices and travel areas don't provide what you specified.
