

Religious Studies: HIVE Learning Map

<u>Term 1</u> Christianity: Beliefs & Teachings	<u>Term 2</u> Islam: Beliefs & Teachings	<u>Term 3</u> Relationships & Family in Christianity
This topic starts by recapping what we have learned about Christianity in previous years. We revisit how Christians view God as the Holy Trinity, the story of creation in Genesis, followed by the Fall of humans due to Original sin. We then move on to look at the different denominations of Christians and who Jesus was. Finally, we look at different beliefs around the afterlife and why there is evil and suffering in the world.	We look at what Arabia was like before Islam, followed by understanding what the Prophet Muhammad's life was like and how he came to receive the Qur'an. We examine how the Prophet Muhammad spread Islam across Arabia, and how it came to be the second largest religion in the world. We investigate the differences between Sunni and Shi'a Muslims, and whether their split was motivated by religion or politics. We then start to look at the Six Articles of Faith – the six core beliefs in Sunni Islam, and how they are expressed in everyday life by Muslims.	In the final topic of this year, we will look at relationships and marriage with reference to Christianity. We will look at the laws around homosexual marriage and how different Christians view it. We will also investigate the different family types and how they are all equally important. We will explain the importance of family and how the church support families. We will also understand the different Christian beliefs around contraception, and how the Bible views men and women – are they equal in every way, or do they have different roles to play?
