

LEARNING JOURNEY

Religious Education

Year 7 – Autumn Term – What Is Faith?

This unit will revisit and build upon work done at KS2, so will help lay the foundations for a knowledge rich learning journey throughout your time at TGSA. We don't know exactly what you have covered at KS2 and are aware that this could be very varied, so this unit aims to address any inconsistencies in your knowledge and understanding before we can progress onto the more challenging topics. This unit also introduces the higher order thinking skills, particularly analysis (of key quotes and teachings) and evaluation (of key beliefs and practices).

TUDOR VALUES: You will be working on your tolerance and respect especially in this unit, ensuring that you have an understanding of the differences in belief between people but that we are all one community at the same time.

VOCABULARY:
Source of Wisdom and Authority, Holy Book, Worldview, Abrahamic, Dharmic
