

Me in my world

Words of Wisdom:

In every house on Every street	Home, Building, rooms, environment
A park connects us	Breathes, connects, invites.
This is How me Keep Healthy	Moving, exercising, sparkling.
A sweet New Year	Lunar, celebration, family
When Spring comes.	Spring, plants, seeds
The Ugly Duckling	Countryside, fluffy, ducklings.
Very special Mother's Day.	Picnic, kind, overjoyed.
Errol's Garden	Growing, garden, plan
Easter egg hunt	Excited, Easter day, through.

Learning opportunities

during the first few weeks we will be learning about our local environment. Looking at places within the environment that may be special to us, including our own homes. We will be all try to learn our own address.

We will then go on to think about ourselves and how we can stay healthy and happy. We will look at our body, healthy eating, exercise, the importance of sleep and hygiene.

We will learn about some special celebrations such as Chinese New Year, Pancake Day, Mother's Day and Easter.

We will explore the natural environment around us, how plants grow, what do they needs to survive. We will investigate different baby animals and how to care for them.

How can you support this topic at home?

Go for a walk around your local area and talk about the different types of homes and places of interest (Shops, Library, Doctors, Park)

Talk about your own home and the rooms, features, objects and encourage them to learn their address, especially the number they live at.

Visit a local park and talk about what you can see, hear and do at the park.

Visit the library and find books about people who help us (e.g. nurses, firefighters, librarians).

Do some Spring planting so the children can watch the flowers grow
